

W4

Pure-coffee automatic coffee machine in a compact business format

Benefits at a glance

- Pure-coffee-expertise thanks to the Professional Aroma Grinder and three different brewing processes
- User-friendly on both sides: for coffee lovers on the one hand and for operators on the other
- Supports Pocket Pilot and other payment methods thanks to MDB standard
- Clear, timeless design for any environment

Recommended accessories

- Payment Connect
- Wi-Fi Connect
- JURA Pocket Pilot 2.0
- MDB Interface 2.0
- MDB Connect
- Cup warmer with accessory drawer W-Line

Areas of use

- Offices
- Factories and workshops
- Stores
- Business premises
- Studios

Recommended maximum daily output: 50 cups

Compact and with all the comfort you could wish for in a business environment: the W4 is a robust, professional pure-coffee automatic coffee machine that is extremely user-friendly. The W4's modern technology includes the Professional Aroma Grinder (P.A.G.2). From the very first cup, it grinds with precision and gives black coffee specialities the desired intensity. The pure-coffee expertise is complemented by the One-Touch Lungo function for extended specialities and the Pulse Extraction Process (P.E.P.®) for intense espressi. The design is based on the functionality and classic elegance of JURA. With a colour display, front-mounted buttons and a switch for hot water preparation, the W4 is extremely user-friendly. Impeccable hygiene at the touch of a button and lockable components ensure easy handling. While the clean lines of the W4 ensure a timeless aesthetic, the programming offers the necessary scope for flexibility. Ground coffee and water quantities, as well as locking options, are variably adjustable. With a 3-litre water tank and a bean container with a holding capacity of 500 g, the W4 is ideal for places where a daily capacity of up to 50 speciality black coffees is required.

W4

Technical overview

Specific advantages

Number of specialities	10
Intelligent preheating	■
3D brewing technology	■
Active bean monitoring	■

JURA coffee machine standards

Pulse Extraction Process (P.E.P.®)	■
One-Touch Lungo function	■
One-Touch function	■
Variable brewing unit	5 – 16 g
Grinder	P.A.G.2
High-performance pump, 15 bar	1
Thermoblock heating system	1
Fluid systems	1
Powder chute for ground coffee	■

Operating and programming standards

Compatible with Payment Connect	■
Compatible with MDB Connect	■
Display	3,5" colour display
Programmable amount of water for coffee	■
Programmable coffee strength	10 levels
Programmable brewing temperature	3 levels
Programmable hot water temperature	3 levels
Resettable day counter	■
Shows the number of preparations for each individual product	■

Hygiene standards

Intelligent Water System (I.W.S.)	■
Filter cartridge	CLARIS Pro Smart+ / CLARIS Smart+
Lockable bean container and watertank	■
Integrated rinsing, cleaning and descaling programme	■
Monitored drip tray	■
JURA hygiene: TÜV-certified	■

Energy standards

Energy Save Mode (E.S.M.®)	■
Zero-Energy Switch or power switch	■
Programmable switch-off time	■

Design and materials

Amber/white cup illumination	■
